

## Direction Bible Study Series

The Direction Bible Study Series has been developed to help the student discover what the Bible says by asking questions of the biblical text. This series can be used individually or in a group. As you study what the Bible says, you will be urged to apply what you have learned to your life. We trust you will be blessed as you seek direction for your life. The Bible Studies we currently offer are listed below. Under each title are the titles of all the lessons included in the study notebook.
